

Dear \_\_\_\_\_ Date \_\_\_\_\_

At school, we have been talking about brothers, sisters and other close relationships. Here is what we have been learning:

### Brothers and Sisters

- Brothers and sisters are very special people in our lives.
- Even when we get mad at them, we know we still love them.
- Each child has a special place in the family.

Let's talk about this list together. Is there anything we should add to the list?
