

Dear \_\_\_\_\_ Date \_\_\_\_\_

At school, we have been discussing a story about the Brunelle family. They have two children, and are going to have another one. Here is what we have been learning:

## Love and Marriage

- A man and a woman decide to marry because they love each other and want to spend their lives together.
- They ask God to help them make this important decision.
- One of the ways husbands and wives may share their love is to become parents.

Let's talk about this list together. Is there anything we should add to the list?
